I am a UX designer with 3+ years of experience in design thinking, UI design, and UX design. As a user advocate, I prioritize creating user-centric designs that align with business goals. I am passionate about designing engaging user experiences and excited to apply my skills to new challenges

## EXPERIENCE

● Jul 2023 - Sep 2023 (2 Months)

**Zimyo**

Product Designer · Full-time

Contributed to the development of Zimyo's Mobile Application, focusing on the "Engage" module that facilitates corporate communication within teams. Managed the design process for a comprehensive chat system on both Android and iOS platforms. Additionally, played a key role in designing B2B dashboard interfaces for the HRMS product suite.

● Mar 2021 - Feb 2023 (2 yrs)

**Agency.in**

User Interface / Experience Designer · Full-time

I was fortunate enough to have the chance to work with India's largest credit bureau, CIBIL, which has been incredibly beneficial for my growth as a UX/UI designer. I have had the opportunity to work on a diverse range of projects, from the most straightforward to the most complex.

Here are some of the key tasks I accomplished:

- ◆ Revamping the Entire CIBIL Dashboard
- ◆ Designed the Entire Dispute Process
- ◆ Designed Emailers for Dispute
- ◆ Designed Marketing Emailers for various campaigns
- ◆ Marketing Project - Designed multiple landing pages

### Careervira

At Careervira, I was part of the design system team, Working with the team, I adopted an atomic design approach to ensure scalability and ease of future updates. My efforts resulted in a cohesive and visually appealing design, improving the overall user experience.

My primary role was to work on a loan application process and flow project for YesBank. I focused on creating an intuitive and user-friendly interface for the application process to ensure a smooth user experience.

Here are some of the key tasks I accomplished:

- ◆ Designed and created a customized user interface for the loan application process
- ◆ Created a prototype to test and refine the design
- ◆ Created a whitelabelling project in Figma to allow for customization of the interface for different clients

Here are some of the key tasks I accomplished:

- ◆ Created wireframes and mockups for the landing page
- ◆ Designed a visually appealing and user-friendly UI for both desktop and mobile

● Feb 2021 - Mar 2021 ( 1 month)

UX / UI Design Intern · Full-time

I have worked on the payment flow of a custom link-based checkout system, Worked on improving the user journey and enhancing the user interface at Goswift - a fast and efficient payment solution.

● Mar 2020 - Oct 2020 (8 months)

UI Designer / Visual Designer · Part-time

I worked on packaging design and website UI for Purple Packets, an e-commerce business that provided a one-stop solution for frozen goods delivery in Goa.

Here are some of the key tasks I accomplished:

- ◆ Designed a user-centric web UI for Purple Packets
- ◆ Enhanced the visual appeal and user experience of the e-commerce business.
- ◆ Worked closely with the team to ensure designs met business objective
- ◆ Created packaging design for ice creams and frozen food items

● Jan 2018- Mar 2020 (2 yrs)

UI Designer & Front-End Developer · Freelance

● Feb 2017 - Dec 2017 (11 months)

EightyFive Technologies Pvt Ltd

UI Designer & Front-End Engineer · Freelance

I worked on several projects in the crypto space, designing and developing marketing landing pages for crypto ATM machines and the company's website.

Here are some of the key tasks I accomplished:

- ◆ Designed & developed landing page for Crypto Atm Machine
- ◆ Designed & developed company's landing page & other supporting pages
